

# Juniors & Sophomores — prepare for the test!

Ames Seminars  
presents:

# PSAT Prep Seminar

A Fundraiser for the Cal High Academic Boosters

## An Introduction to College Entrance Exams

**Want your best SAT score?** Start with the PSAT. This test is an excellent way to determine which academic areas need work before taking the SAT. But for the information to be accurate, you must *learn how to take this test*.

**In this short course**, you will become familiar with the unique reasoning and logic style of the PSAT, learn strategies for each test section and practice on actual PSAT questions. Your scores will then provide a much **more accurate assessment** of areas to target for improvement before taking the SAT. In the 4th session you will learn how to analyze and interpret your test results.

### In our PSAT Seminar, students:

- Learn test format and test-taking strategies for the PSAT and the SAT
- Learn reading and sentence completion strategies
- Review math strategies and shortcuts and frequently tested math concepts
- Review strategies for the writing sections and learn frequently tested grammar rules
- Take a sample Math, Reading and Writing PSAT section

### Final session in January 2011 (parents invited):

(All schools distribute PSAT test scores by early Jan.)

- Analyze and interpret actual PSAT results
- Discuss differences and similarities between the PSAT and SAT
- Review entrance test requirements for college admission
- Get recommendations for the college search process

## California High School PSAT Prep Seminar

Students attend all 4 classes in 4 pm OR 7 pm Seminar.

### Afternoon Seminar:

Wednesday,	September 29	4:00-6:00 pm
Wednesday,	October 6	4:00-6:00 pm
